

# Troops Helping Troops

## Gift of Caring Council level Community Service Project

This year our council has a wonderful opportunity to help bring a taste of home to our active military overseas by sending them delicious Girl Scout Cookies. We are also asking Girl Scout troops to write a short letter or make homemade cards to accompany the cookies we will send to the soldiers.

A great idea is to have your girls earn our councils' *Troops Helping Troops* patch while participating in this Service Project. You may purchase both patches by completing and turning in this form with your payment and final cookie paperwork.
