_____, **to receive emergency medical treatment if necessary.**

Signature of parent/guardian _____ Date signed _____

FIRST LEGO® LEAGUE Girl Scout Team

Girl Scouts Ages 9-14

Applications are currently being accepted for Girl Scouts to join the Girl Scout FIRST LEGO® League teams. Teams will be advised by members of the Society of Women Engineers to build a robot for competition. GSLE currently has established two teams. One team will be based out of Baton Rouge and one in New Orleans. Each team will consist of approximately 10 girls, and will have specific meetings/times to attend in order to prepare the robot for the competition in November. A strong commitment to the team is required in order to participate in this program. All girls must be present at meetings which will be set according to the availability of the team. Teams will meet periodically through the summer (Baton Rouge currently meets once/month), then begin meeting at least once, possibly twice, a week starting in September until the competition in November.

When: Tournament competition date is TBA, likely mid to late November.

Where: Site of tournament competition is TBA.

Cost: \$25 per Girl Scout.

Application: To apply, complete this application form (send no money at this time) and fax or mail to: Girl Scouts Louisiana East, 841 S. Clearview Parkway, New Orleans, LA 70121 / Fax: (504) 733-8219.

Contact: For more information, contact Kevin Shipp at 504-733-8220 or email kshipp@gsle.org; or the Baton Rouge Team Leader, Diane, at diane.doise@swe.org; or the New Orleans Team Leader, Danielle, at president.swegno@gmail.com.

Notes: Only 10 girls will be accepted to each team on a first-come, first-serve basis. For more information about the FIRST LEGO® League, visit www.usfirst.org.

Why do you want to be on the GSLE FIRST LEGO® LEAGUE Robotic Competition team?

Describe any experience you have had with technology, such as, computers and electronics.

Describe any special qualities about yourself that you think would benefit your team.

If you could build something to change the world for the better, what would you build, and why?
