

Patch of the Month

December 2009

Girl Scouts Care

December is the season of giving! To show that Girl Scouts care, do one of these activities to help out your community.

- Collect canned and non-perishable foods to donate to a local food bank.
- Spend a morning picking up litter around your neighborhood.
- Host a drive to collect toys for young children in hospitals.
- Go caroling in your neighborhood.
- Volunteer at a local animal shelter.
- Have a bake sale and donate the profit to a local charity.
- If you're old enough and meet the requirements, donate blood.
- Participate in a charity walk/run.
- Organize a coat drive for donations.
- Create "care packages" to distribute to the needy.

Or come up with your own idea to help you around your town.
